

These will be sold on a first come, first served basis. To obtain more information about the contents of particular items please email [enquiries@kernowclassics.co.uk](mailto:enquiries@kernowclassics.co.uk) or leave a message on my mobile (+44 (0)7989 398782). Please be aware that not all stock is kept at the Kernow Classics location in Cornwall (UK) and that once the COV-19 lockdown has lifted, I will need to travel to another part of the country to fetch the LPs, check their contents, clean and test them before deciding the price. To keep costs down I will probably only travel every two weeks or so. This may inevitably cause some delay but be assured that any initial enquiry will secure a reservation until I receive in writing notice that you are no longer interested in that particular LP.

At first glance the Lebendige Vergangenheit, Rubini and Court Opera Classics items are mostly in excellent condition - I do not recognise Mint as a grade unless the item is sealed. The Melodiya and LPs from the former Eastern European bloc often come in rather flimsy sleeves but the quality of the LPs is usually very good. Some covers come with an old price sticker attached which is almost impossible to remove without causing damage to the sleeve.

Each LP will be professionally cleaned and supplied with a new inner sleeve and plastic outer sleeve.

Many other items (complete opera sets, miscellaneous recital collections, orchestral and chamber LPs) will be regularly added each month.
